RUSSIA - Lighting up the sky above Rockefeller Plaza

In the last few years, Crocus Group Company has been developing in Moscow city centre a network of conceptual shopping malls named VEGAS, a new generation of multi-functional entertainment complexes offering the best shopping, amusement and food experience ever. VEGAS Crocus City, the first mall of this series, was opened in June 2011, VEGAS Kashirskoye was inaugurated at the end of May 2014, while...
