Germany - All the shades of Hellenstein Castle

Offering a picturesque view over Heidenheim (D) and its surroundings, Hellenstein Castle is located on a 70-metre high rock, which makes it a breathtaking, unmissable eye-catcher for every visitor approaching the city from each of its access ways. Overlooking the city from the top of the hill, the original "Staufer" fort was erected between 1130 and 1145 and was almost completely destroyed...

Russia - Cool lighting for cooling towers

CHP-25, one of the most powerful heat and power plants in Russia with a production of 7030 millions kWh per year, is located in the western autonomous region of the capital, the Ochakovo-Matveyevsky district. Its history is inextricably linked with the city's economic development. The construction of this combined heat and power plant was conditioned by the need for electric and thermal...
